

**29th March, 2020**

To whomsoever it may concern,

Teach For India is a nationwide movement to bridge educational inequity in India. We recruit graduates and professionals for a full-time, two-year Fellowship in which they teach low-income children and close the achievement gap between these children and their wealthier peers.

**Gaurav Ghati** has provided invaluable support to our Fellow, Ankita Jain at Lt Shreekant Bhadke PMC 105B English Medium School

**Gaurav** volunteered in **Ankita's** classroom from **1st October, 2019** to **25th March, 2020**.

**Gaurav** has been very energetic and excited throughout the phase of his volunteering. He mingled with the students very easily. He played a huge role in helping students understand concepts and solve doubts. He has been dedicated and hard working. He connected with our students so fast and so well. He has a natural instinct of a teacher and has been able to hold the class really well through his lesson execution. He has been there whenever we've needed anything for the class.

**Gaurav** has been a huge help to both **Ankita's** classroom and the organization and has contributed greatly towards building this movement and ending educational inequity in India.

We wish **Gaurav** luck for his future endeavors and look forward to his continued support in the future as well.
